WIRELESS DJ HEADPHONES

MSRP \$300 | €300 | £250

The TMA-2 DJ Wireless headphones offer ultra-low latency wireless performance for precision beatmatching, and more than 25 hours of battery life for uninterrupted long sets. The lightweight build ensures comfort and freedom of movement, while its durable construction is based on the iconic TMA-2 DJ headphone, stage-tested by professionals for over a decade. Featuring a 40mm bio-cellulose diaphragm for clear bass and treble, and memory foam ear cushions for high sound isolation, these headphones deliver even in loud environments.

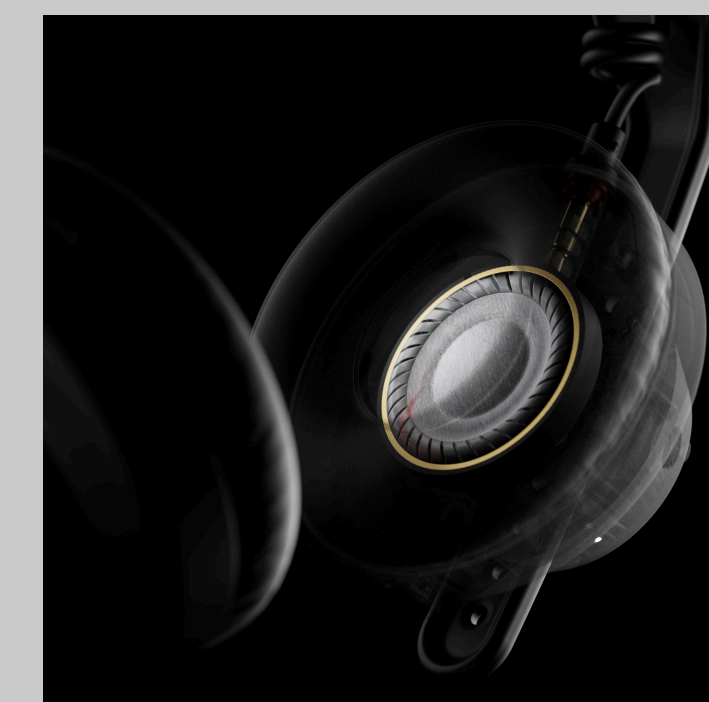

### Free yourself to focus on performing

Ultra-low latency wireless audio for precision beatmatching and cable free mixing. Ideal for hours of uninterrupted performance with more than 20 hours of battery playback time.

### Proven durability built for DJing

Robust yet lightweight construction for long-lasting reliability, ensuring comfort throughout extended use and rigorous environments. Built the same as the award-winning TMA-2 DJ, tested on stages around the world for over a decade.

### Powerful, detailed sound

Engineered with a 40mm signature bio-cellulose diaphragm and tuned to clearly present bass and treble details in loud venues. High sound isolation blocks out unwanted noise with on-ear cushions made from memory foam covered in soft PU leather.

### Go beyond the DJ booth

Seamlessly switch between W+ Link for performing and Bluetooth for listening on the go. Use the AIAIAI app EQ to shape the sound to your preference.

### Customise, replace and upgrade

The modular nature of TMA-2 DJ allows for endless customisation and easy upgrades or replacements of individual parts.

What's included?

**S11 - SPEAKER UNITS - W+ LINK - BLUETOOTH® - DETAILED SOUND**

Engineered with a 40mm speaker diaphragm made from stiff bio-cellulose for clearly presented bass and treble details with low distortion.

**X03 - TRANSMITTER W+ LINK - BATTERY POWERED - USB-C**

W+ Link transmitter for wireless ultra-low latency connection. Audio input via TRS line in or USB-C. 20 hours of battery playback time.

**H02 - HEADBAND - RUGGED - HIGH GRADE NYLON**

Reinforced and rugged headband made from high grade nylon. Compression moulded silicone headpad for better grip and easy cleaning.

**E02 - EAR PADS - ON EAR - PU LEATHER**

Soft on-ear memory foam cushions covered with PU leather. The thickness and materials gives high isolation and a punchy sound. Strong bass and low end dynamics.

**C05 - CABLE - STRAIGHT 1.5M WITH ADAPTER**

Straight black 1.5m thermo plastic cable with soft touch surface. Comes with 1/4 to 1/8 screw-on adapter.

**A01 - PROTECTIVE POUCH**

Designed to protect your headphones from dust and scratches, the A01 protective pouch is made from recycled PET and features a mesh inside. Fits any TMA-2 and Tracks headphone.
