## ALUMINUM FLIGHT CASE RANE SYSTEM ONE

U93029BL

At UDG, we have fine-tuned an already exceptional design concept to create a flight case tailored specifically for the travelling DJ. Crafted from aluminum, it delivers an ultra-stable yet lightweight structure compared to traditional cases. Inside, your gear is shielded by protective, high-density EVA foam padding.

The UDG Ultimate Aluminum Flight Case Rane System One is designed to keep your Rane System One protected from accidental damage when you transport it to and from gigs. They're compact and lightweight yet tough enough to keep your gear safe.

### FEATURES

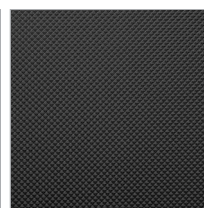

- Fits: Rane System One
- Lighter weight than traditional flight cases
- Black Diamond finishing surface
- Corrosion resistant aluminum profiles with strong rounded corners
- Fully-lined with high density foam protective padding
- Fully lined interior egg-crate foam on lid
- Ergonomic & sturdy carry handle
- Four strong butterfly lock
- Rubber feet at the bottom for support in standing position
- Several additional rivets for improved solidity
