ALUMINUM FLIGHT CASE ALPHATHETA CDJ-1500X

U93038BL

We, at UDG have further fined-tuned already a great design concept of our flight case into one specially for the most discerning creative performers. Constructed from aluminum thus providing an extremely stable structure with lighter weight compared to traditional flight cases. The inner sides are protected with high density EVA foam protective padding.

The UDG Ultimate Aluminum Flight Case AlphaTheta CDJ-1500X is designed to keep your AlphaTheta CDJ-1500X protected from accidental damage when you transport it to and from gigs. They're compact and lightweight yet tough enough to keep your gear safe.
