

CORONAVIRUS UPDATE

Dear All,

Further to our earlier communication, a note to advise that in the interests of our team and following the Government's announcement on 23rd March, we have shortened our working week to Monday-Thursday with immediate effect.

We remain at your service with our warehouse operational and able to dispatch orders for usual next working day delivery on orders received by 3pm, Monday-Thursday for as long as DPD is collecting and offering this service. We will continue to keep a close eye on what is an ever-changing situation and will update you as and when further changes may be necessary.

In the meantime, wishing you, our valued customers and families, good health and continued support for your business during these unprecedented times.

Best Regards

Team Dynamic
